Less refilling for longer ironing sessions Iron with large water tank

Philips 6000 Series steam iron has one of the largest water tanks there is for steam irons. Iron longer without refilling! Powerful steam will enable you to remove the tough creases easily.

Comfortable ironing

- Extra large 550 ml watertank needs less refilling

Easily removes creases

- Continuous steam output up to 40 g/min
- Steam boost up to 210 g for the toughest creases
- Ceramic soleplate to easily glide through the fabrics

Longer lifetime

- Calc clean to prevent your iron from scale build up

Highlights

Ceramic soleplate

Ceramic soleplate provides scratch resistance while gliding easily.

Up to 40 g/min of steam

Philips steam iron with continuous steam output of up to 40 g/min gives you the perfect amount of steam to efficiently remove all creases.

Extra large water tank

Comfortable ironing with less refilling. The 550 ml XL water tank allows longer ironing without refilling.

Steam boost up to 210g

The steam boost can be used for vertical steaming and tough creases.

Calc clean

The calc clean function enables you to simply flush your Philips iron to remove the calc particles out of your iron. This will extend the lifetime of your iron.
