

Acer P Serie

Acer P5550

Your business projector for office and home office

With the Acer P5555 you get the usual quality and performance you know from the predecessor P5535. The only difference: more brightness. Thanks to 5,200 ANSI lumens, the P5555 is even brighter and enables daytime projection even in stronger light. Even in Eco mode, the P5555 achieves around 4,160 ANSI lumens. Otherwise, you continue to benefit from a 3-year warranty, native Full HD resolution and 1.3x zoom for fool-proof image adjustment. A strong contrast of 18,000:1 and a powerful 10W speaker round out the powerhouse.

- Light technology: 240 watt Osram UHP
- Resolution: 1080p Full HD (1,920 x 1,080 px)
- Brightness: 4,500 (standard), 3,600 (eco) ANSI lumens
- Life (hr.): 5,000 (standard), 10,000 (eco), 15,000 (ExtremeEco)
- Warranty: Please refer to your local Acer website.

Acer P5550

SPECIFICATIONS

Ordering Information

Model	P5550
Part Number	MR.JY411.001
EAN	4711474283917

Technical Specifications

Projection technology	DLP 3D Ready & HDMI 3D
DLP Chip	0.65" BrilliantColor™
Version	DarkChip™ 3 DMD
Resolution	1080p Full HD (1,920 x 1,080 px)
Display Format	16:9 (native) / 4:3 (supported)
Contrast	-
Displayable Colours	1.07 Billion Colors
Brightness	4,500 (standard), 3,600 (eco) ANSI lumens
Focus / Focal distance	-
Projection size (diagonal)	0.78 ~ 7.62 m
Projection distance	1.00 ~ 7.50 m
Throw ratio	1.13 ~ 1.47:1
Zoom / Digital-Zoom	1:1.3x / 2x
Image Offset	116 %
Horizontal / Vertical frequency	15 ~ 100 kHz / 24 ~ 120 Hz
Projection Modes	Front- / Rear- & Front-Ceiling- / Rear-Ceiling-Projection
Light technology	240 watt Osram UHP
Life (hr.)	5,000 (standard), 10,000 (eco), 15,000 (ExtremeEco)
Keystone Correction	+/- 30° (vertical) manual & automatic, +/- 30° (horizontal) manual, 4-Corner Adjustment
Speaker	1x 10 watt
Weight / incl. packaging (kg)	2.75 kg
Dimensions / Shipping dimensions (mm)	313 x 236 x 113.7 mm / 400 x 168 x 340
Power Consumption	290 (standard), 210 (eco), < 0.5 watt (standby)
Noise level	27 dBA (eco)
Uniformity (%)	75 %
Color	white

Input Ports

Audio in (3.5mm)	1x
------------------	----

Output Ports

Audio out (3.5 mm)	1x
--------------------	----

Included Accessory

Power adapter IEC 320 C13	1x Euro
HDMI cable	1x (1.80 m)
IR remote control	1x (PgUp / PgDown & freeze & laserpointer function) white
Lens cap	1x
Carrying case	1x
Quick Start Guide	1x

Optional Accessory

Universal ceiling mount short	4713147892877 / MC.JLC11.002
Universal ceiling mount long	4713147892884 / MC.JLC11.003

Warranty

Warranty	Please refer to your local Acer website.

Acer P5550

APPROPRIATE ACCESSORIE (NOT INCLUDED IN DELIVERY)

Installation

Easily mount your projector to the ceiling with 360° rotation and up to 25° tilt.

Installation

Easily mount your projector to the ceiling with 360° rotation and up to 25° tilt.

Acer P5550

ACCESSORIES AND FEATURES

Top Loading Lamp Design

The Top-Loading Lamp design allows for easy lamp replacement without having to disconnect the Acer projector from the bracket when installing overhead via the top of the cabinet. The replacement is comparable to changing an energy-saving lamp.

Crestron LAN Control

Thanks to LAN Control & Projection, you can control and administrate the projector directly via a LAN network. In addition to complete functional control of the projector, automatic e-mail notification of service requirements is also possible. In addition to controlling the projector, content from the network can also be projected directly via LAN.** The LAN projection is model dependent. It is available, if the RJ45 (LAN) connection is marked "for control & projection".

Automatic Keystone Correction

Thanks to the automatic vertical keystone correction, the Acer projector automatically compensates for trapezoidal distortion if the projector is not positioned exactly vertically and projects a rectangular image.

Auto Ceiling Mount Correction

Auto Ceiling-Mount Correction: The built-in gravity sensor in the Acer projector detects when the projector is mounted overhead on a ceiling and automatically rotates the projection 180° without any additional menu adjustments.

24/7 Operation

This projector promises maximum reliability and delivers a brilliant image even in 24/7 continuous use.**Especially for signage applications, but also for exhibitions in museums or similar, this projector can be used without any worries.* Acer recommends that the projector is switched to standby mode for 30 minutes every 7 days.

AC Power On

With the AC Power On function, the projector is able to turn on automatically when the projector is powered. You no longer need to turn on the projector separately, but can start the projector directly, for example by turning on the power in the meeting room.

Acer Football Mode

Bring the stadium to your home with Acer Football Mode. The mode automatically adjusts image brightness, saturation, sharpness and gamma to make skin tones more vivid and greens more vivid. Ideal for football fans and sports enthusiasts.

Wall Color Compensation

Wall-Color Compensation: Best image quality enables wall color correction on colored projection surfaces such as blackboards and wallpaper. 5 optimised wall colours can be compensated easily and without any further settings via the menu for best picture quality.

HDMI 3D

HDMI 3D: The integrated HDMI 1.4a standard allows 3D content to be transferred from suitable playback devices such as 3D Blu-ray players, 3D set-top boxes and 3D game consoles without the need for an additional PC. For example, Acer 3D shutter glasses Bluray 3D movies and 3D TV shows can be viewed in your living room up to 7.62 meters (300") diagonal.

Bluelight Shield

BluelightShield allows users to lower levels of blue light to lessen the negative effects of blue light exposure. There are three levels of filter in projector suitable for different scenarios. Each level also contains dynamic mechanism that will optimize the blue light level based on content. BluelightShield can reduce up to 30% blue light and protect your eyes.

Original 24p

Experience true cinema at 24 frames per second. The Acer Blu-Ray projector reproduces films in the original cinema format as they were shot on the film set. See 24p movies through the eyes of the director.

Acer Smart Format Technology

Acer SmartFormat technology supports a wide range of input signals, eliminating the need for switching on your notebook/PC, DVD player and receiver. Signals up to 1080p can be received by Acer ColorBoost projectors with HDMI® using Acer Smart-Format technology and can be played back in compressed form. *Depends on model

ISF certified

The calibration according to ISFccc (Imaging Science Foundation) can be performed by specially trained technicians. This calibration offers you in 2 special modes an absolutely perfect image for the lighting conditions prevailing in your home cinema.

Installation menu

With the help of the installation menu, the Acer projector can be perfectly aligned with the surface to be projected in no time at all. The Installation menu can be accessed by pressing the Menu button even if no source is connected to the projector.

Acer Color Safe II

Acer ColorSafe II guarantees consistent, brilliant and natural color projection throughout the life of the projector. This is ensured by the use of DLP® technology and a 5-year warranty on the DLP® chip. Projectors without DLP® technology experience a decrease in colour brilliance over time.

Acer ColorBoost 3D

Acer ColorBoost 3D: Acer ColorBoost 3D ist die innovative Kombination von einem ständig verbesserten Bildverarbeitungsalgorithmus, dem neuesten DLP-Chipsatz, einem optimierten Design des 6-Segment Farbrad sowie einer hochentwickelten Lichtsteuerungstechnologie. Dadurch sind Acer Projektoren in der Lage absolut naturgetreue Farben über den gesamten Lebenszyklus sowohl im 2D- als auch im 3D-Modus zu projizieren.
