## Acer PD1520s

Business projector meets LED efficiency: a perfect combination

The mobile designer projector impresses with its 1,200 ANSI lumen brightness and FHD resolution with 4K support. The smart projector offers direct access to your favorite shows and movies via apps. You can now stream directly from Netflix, YouTube and other apps. With simple Bluetooth connectivity, the projector can act as a Bluetooth box or be connected to speakers. The wireless projection also makes it easy to mirror your smartphone, laptop, etc. The integrated autofocus automatically adjusts the images in the blink of an eye and makes aligning the projector child's play.

## Acer PD1520s

## ACCESSORIES AND FEATURES

### LED light source

The environmentally friendly LED light source is mercury-free, long-lasting and energy-saving. It enables vivid colors and long-lasting brightness stability. The LED light source enables an incredible service life of 30,000 hours and therefore 10 years with 8 hours of use per day.

### Wireless Projection

Acer Wireless Projection: Never lay cables again! The included Acer Wireless Adapter allows you to project wirelessly and saves you the hassle of laying HDMI or VGA cables.\*Project content from your notebook, smartphone or tablet in seconds without any loss of quality!® Depending on model. If the Acer Wireless Adapter is already included with your projector, you can find it in the "Optional Accessory" section.

### HDMI Power On

With the HDMI Power On function, the projector is able to turn on automatically when the projector receives a signal via HDMI or VGA. You no longer need to start the projector separately, but can simply switch on your notebook, receiver or game console and the projector will automatically switch on as well.

### Instant Pack

InstantPack guarantees the lamp safety of Acer ColorBoost projectors. The current lamps from renowned manufacturers such as Osram and Philips are not damaged in the event of a sudden loss of power. (Acer recommends that the projector be powered until the fan stops) The lamp warranty is 1 year with no hour limit.

### SmartTV

The smart SmartTV projector gives you the complete audiovisual experience. Download the apps of your choice. Whether streaming (Netflix, Prime ...), music (Spotify, Soundcloud ...) or social media (Instagram, TicToc ...) - there is the right app for everyone.

Smart Projector

### Instant On/Off

Unlike conventional lamp-based projectors, there is no need to warm up or cool down the device. The user can switch off the projector and then immediately disconnect the power cable without damaging the device, saving time.

INSTANT ON/OFF

### AC Power On

With the AC Power On function, the projector is able to turn on automatically when the projector is powered. You no longer need to turn on the projector separately, but can start the projector directly, for example by turning on the power in the meeting room.

AC power on

### Multimedia Playback

Multimedia Playback: Project images, videos, music, office files or PDF documents directly from the USB stick. You don't even have to switch on your PC!

USB READER

### Auto Focus

Projecting has never been so easy: thanks to Auto Focus technology, you can place your projector on the table and turn it on, with the image automatically and instantly coming into focus. This saves you valuable time and gives you maximum installation flexibility.

Auto Focus

### Automatic Keystone Correction

Thanks to the automatic vertical keystone correction, the Acer projector automatically compensates for trapezoidal distortion if the projector is not positioned exactly vertically and projects a rectangular image.

### Auto Shutdown

The Auto Shutdown function automatically shuts down the Acer projector, if no input signal is received after a preset time. This function can be set individually via the menu and helps to save power and lamp hours.
