Full HD display

ED242QR_A brings users into a perfect colorful world in Full HD 1920 x 1080, and provides the finest natural and sharp original quality with VA panel and 100,000,000:1 contrast ratio.

AMD FreeSync

With FreeSync, the game's frame rate is determined by your graphics card, not the fixed refresh rate of the monitor. This means the monitor's frames are synced with the graphics card's frames, which eliminates screen tearing and delivers very smooth gaming experiences

Curve 16:9 design

With curvature of 1800r, Acer ED242QR_A give you a more enveloping viewing experience because their screens wrap around you, thus drawing you deeper into everything..

144Hz refresh rate

ED242QR_A feature with high refresh rate 144Hz, The 144Hz refresh rate speeds up the frames per second to deliver an ultra-smooth 2D motion scenes. With a rapid refresh rate of 144Hz, it shorten the time it takes for frame rendering, lower input lag and provide gamers an excellent in-game experience.

About Acer

Established in 1976, Acer is an information and communication technology company dedicated to the research, design, marketing, sale and support of innovative products that enhance people's lives. Acer's green supply chain delivers environmentally friendly PCs, displays, projectors, servers, tablets and smartphones — tools our customers need to explore beyond limits and experience more.
